

21st and 22nd Nov 2018 NEC Birmingham

On 21st and 22nd November, The Occupational Therapy Show 2018 opens its doors, once again, to the UK's largest free-to-attend national event dedicated solely to Occupational Therapists (OTs).

In 2017 over 4,711 Occupational Therapists attended the CPD accredited education conference and exhibition over two days. This year, the Show will have another conference programme packed with experts in a variety of clinical fields, a major exhibition focused on the therapists' requirements, and a host of new features including the Awards, Poster Zone and Paediatric Trail. 2018 really is shaping up to be the best show yet!

The team working on The Occupational Therapy Show understand that under the current financial climate OTs working in the private sector have to ensure they are able to demonstrate that they are providing value for money for their clients as well as managing budgets/costs to maintain a successful business. We also understand in the private sector it is the OTs responsibility to maintain the level of CPD expected by HCPC and The Occupational Therapy Show is the ideal place to do this.

At The Occupational Therapy Show, you have everything you need all in one place.

For your business needs, you can:

- Research and source new products and services from over 270+ suppliers
- Ensure you are up to speed with industry and regulation updates
- Get practical advice and shared best practice
- Improve your knowledge of new and innovative practice
- Develop links within the professional communities

For your personal development needs, you can:

- Access over 80 hours of free CPD accredited education
- Learn from world-class speakers experts
- Update knowledge across all therapy areas including; Governance, Mental Health, Paediatrics, Physical, Housing, Moving & Handling and Neurology in Practice Network with colleagues and peers.

This year's programme demonstrates our continued commitment to provide quality & relevant CPD, allowing you to develop skills/knowledge which can be immediately integrated into practice. For further information visit www.theotshow.com

We look forward to seeing you there.
